

K-LOVE has provided positive, community enhancing broadcasting in the Hampton Roads area for years. Many people here find K-LOVE as a source of encouragement and instruction for dealing with conflict in their lives.

If K-LOVE were to be displaced by an LPFM broadcaster providing other programming, I strongly believe our communities would suffer more tension. Furthermore, I think the area would become less friendly. With an increase in these two factors, it is not a big leap to conclude crime may also increase.

Based on the qualities listed above, it is clear that K-LOVE provides a bonding and encouraging service to the members of our community. Such service is always welcome and should be preserved. Thank you.
